PETER M. G. DEANE, MD, JOINS FINGER LAKES CLINICAL RESEARCH

Rochester, NY, February 18, 2020 – Peter M. G. Deane, MD, a long-established area research physician, has joined Finger Lakes Clinical Research/ERG as a primary investigator. The expanding practice focuses on adult and pediatric clinical trials in psychiatric disorders, allergies, immunology and rheumatology. Dr. Deane joins Sarah D. Atkinson, MD, founder of the practice.

In making the announcement, Dr. Atkinson noted that “Dr. Deane’s decades of experience in conducting clinical trials made him the perfect choice to meet the growth demands, complexities and technical challenges of today’s pharmaceutical clinical trial environment.”

Dr. Deane, who previously conducted studies at Allergy Asthma Immunology of Rochester (AAIR), commented that “The opportunity to partner with my long-time colleague in an expanding practice, and in new areas of study, was irresistible.”

Dr. Deane has received numerous academic honors. He is a Phi Beta Kappa graduate of the University of Pennsylvania, and received his medical degree from the University of Rochester School of Medicine and Dentistry, where he holds the position of Clinical Assistant Professor of Medicine and Pediatrics.

Dr. Deane and his wife, Kate, are residents of Rochester.
